Fact Sheet: Driven to Collect Exhibit

Dates
April 16 – October 10, 2016

Driven to Collect
Driven to Collect showcases Heritage’s permanent collection of antique and classic automobiles with a whole new look, plus a carload of interactive fun! Discover how Heritage founder Josiah K. Lilly, III collected American automobiles in much the same way as collectors assemble their collections. All have great passion for the objects they collect and some have a desire to share their collections with others. What Americans collect says a lot about our culture. What people of other cultures collect similarly defines their shared experiences.

Exhibit Location
Driven to Collect can be seen in the J.K. Lilly Automobile Gallery, housed in a reproduction of the Round Stone Barn at Hancock Shaker Village.

What’s New
The Collector’s Corner features autos on loan from a private collector. This year’s cars include are a 1934 Derby Bentley reminiscent of the cars, time periods, and luxury represented in CUT! Costume and the Cinema, and a 1955 MG TF 1500 on loan from collector Jack Rosen. Driven to Collect will also feature a special display of map wall art made from recycled license plates, created by artist Steven Blyth.

Cars on Display
Driven to Collect features the finest cars in the Heritage collection, including a 1931 Duesenberg Model J Derham Tourster owned by Gary Cooper, a 1927 Lincoln Sport Touring, a 1922 Rolls Royce Silver Ghost, and a 1932 Auburn Boattail Speedster.
