

Holly

This year's collectible glass ornament is an interpretation of Holly. This one-of-a-kind limited edition hand-blown piece is crafted by local glass artist Michael Magyar of [@theglasstudiooncapecod](https://www.instagram.com/theglasstudiooncapecod). In 2012, Heritage began commissioning glass ornaments inspired by our gardens.

Heritage has an excellent collection of American hollies, a very popular species that epitomizes the winter season with abundant red berries and shining green leaves. Their bright colors are a welcome addition to homes and landscapes in winter. The ornament will only be available for in-store purchase. Sales begin this Saturday at 10 am. No holds or online sales will be available, and discounts do not apply. The Shop is open to the public during the following hours:
Saturday & Sunday, November 18 & 19: 10 am - 2 pm
Every Tuesday & Wednesday, November 28 through
December 6: 12 pm - 4pm
Tuesday, December 12: 12 pm - 4 pm
All nights of Gardens Aglow 4:30 - 8:30 pm for ticket holders.
